2. Fold all dotted lines into a hill fold (folded downwards) or valley fold (folded upwards) as shown on the key. Note the two valley folds on the lion's sides and one above the front legs.
3. Apply glue to tab 1 and stick to the underside of the lion's back.
4. Apply glue to tabs 2 and 3 and stick to the underside of the lion's bottom.
5. Apply glue to tabs 4 and 5 and stick to the underside of the lion's neck.
6. Apply glue to tabs 6 and 7 and stick to the underside of the lion's cheeks.
7. Apply glue to tabs 8 and 9 and stick these to the corresponding tabs on the lion's head. The lion is now complete.
8. Cut out the shape on page 2 by cutting along the thick black lines. These shapes will form the plinth that the lion sits upon.
9. Fold all dotted lines into a hill fold (folded downwards) as shown on the key.
10. Apply glue to tabs 10 and 11 and stick to the underside of the back of the plinth.
11. Apply glue to tabs 12 and 13 and stick to the underside of the front of the plinth.
